Highlights

The school district has worked hard to review and revise the mathematics offerings to under achieving students to help them be successful in school. We have also worked together as a K – 12 staff to make sure our instruction is aligned to the State Standards.

It is a long term goal of the district to modernize all of our facilities. To make sure that our students have the best learning environment possible. To this end we have begun the final phase of this process by moving ahead with plans to remodel the Intermediate school facilities. We have bond imitative planned and look forward to completing the last elements of our facilities plan,

Progress Towards Meeting Goals

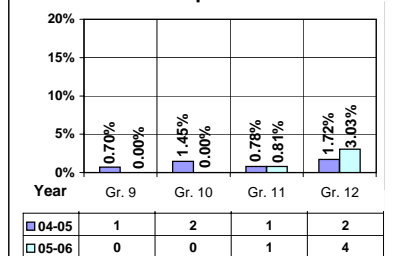

2005-06 Goals	Progress
